BiblioVault is operated by:

Chicago Distribution Services
University of Chicago Press

2001 - BiblioVault launched, with funding from
the Andrew W. Mellon Foundation

2001 - 2005 - three Mellon grants totaling \$3.2 million,
also funded short-run print center, scanning

2006 - grant support ended,
now funded by U of C Press and member presses

2007 - storing more than 13,500 titles (as of June)

File Warehousing | File Distribution

Publishers' basic file needs:

security

inventory

file sharing in-house

distribution out-of-house

off-site access

BiblioVault's basic pricing:

Initial deposit fee

Annual storage/title

File Warehousing | File Distribution

Who benefits from a file warehouse?

1. your marketing people
2. your new designer
3. your foreign office
4. your reprint person
5. your foreign rights person

File Warehousing | File Distribution

BiblioVault offers:

Print-ready PDFs

Scanning

Web-ready PDFs

Other web formats - OEB, HTML

Parts of books - excerpts, images, extracted text

Accessible files for students with disabilities

BiblioVault's à la carte pricing:

Flat rates for standard services

Hourly rate for custom work

Why publishers may start looking for a DAD:

Lack of time or people in-house

Need experts

BiblioVault also provides:

Community of like-minded members

- Understand requirements, concerns
- Share expertise, work together to find solutions

Straightforward approach

- No storage surcharges, 24/7 access to your files, pay only for services you need

Established, mature system

- Feature set vetted by members, relationships with e-vendors, programmers who know books

Four suggestions for publishers:

Make sure you have access to your files

Don't hope to walk away entirely

Get short-term goals met

Be sure you can stockpile
